COCOM Document No. 3752B

COORDINATING COMMITTEE

MEMORANDUM BY THE ITALIAN DELEGATION

4400861

EXPORT OF BORAX TO ALBANIA

The Italian authorities have received an application to license the export to Albania of 10.8 tons of borax, valued at \$1,818 and covered by Item 1715.

This product is intended for the Albiimport company in Tirana and will be used for the enamelling of kitchen utensils.

The Italian authorities believe that this export can be regarded as of no strategic significance in view of the quantity required.

The Italian Delegation wish to submit this case under the terms of the de minimis procedure established in paragraph 12(b) of COCOM Document No. 3620, and would be glad to have the early views of the Committee.
